An effective approach for figuring out a price is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the brand new ebook, but do not embrace a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate sales pages with completely different prices on every page. Make sure that your gross sales copy is strictly the

identical on every page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum worth is.

Ultimately, in the event you've written a book that solves a problem or presents a new method, your e book will usher in both traffic and profits. So remember to write that promoting-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 1028 e-book will likely be to the shoppers who purchase it.
