An efficient method for figuring out a price is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the new e-book, however do not embrace a value on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with different costs on every page. Ensure your gross sales copy is precisely the identical on every web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum worth is.

In the end, if you happen to've written a guide that solves a drawback or presents a brand new method, your guide will bring in each visitors and profits. So make sure you write that promoting-handle sentence that sums up what drawback your ebook solves and what the benefits of your 1057 e book might be to the shoppers who buy it.
