One is to present something away without spending a dime with your guide, akin to a precious bonus item. Or bundle a number of ebooks below one value, which lowers the worth for every book if they were bought separately.

An effective technique for figuring out a value is to ship out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a gross sales web page for the new guide, but do not embody a worth on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different costs on every page. Be certain that your gross sales copy is exactly the

identical on every page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum worth is.

Ultimately, should you've written a ebook that solves a problem or presents a new method, your e book will herald both site visitors and profits. So make sure to write that selling-handle sentence that sums up what problem your book solves and what the advantages of your 1469 e-book shall be to the shoppers who buy it.
