If your e-book is aimed at solving one particular problem relatively than common advice, then you possibly can charge more. Start on the highest worth the market will bear to herald the largest profits, and plan to discount the e-book a variety of occasions all through the year.

An efficient technique for figuring out a price is to send out a survey to your current customers. If these clients have already bought an book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new e-book, but do not embody a worth on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with different costs on each page. Be sure that your gross sales copy is exactly the identical on every

web page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your web site and sales of your book. It will tell you what your optimum price is.

In the end, for those who've written a guide that solves a downside or presents a new approach, your e-book will usher in each site visitors and profits.
