## Advertising Methods

The key that unlocks the gross sales potential of your e-book is to find a single sentence that becomes your promoting handle. This sentence states what query or drawback your e book answers and the advantages your book can provide. Then make sure you use that sentence in every piece of sales

and promotional materials, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of other strategies that can help you sell extra books.

One is to provide one thing away for free with your book, reminiscent of a beneficial bonus item. Or bundle several ebooks below one worth, which lowers the worth for each e-book if they have been bought separately.

An efficient approach for figuring out a price is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion by way of price. Do that by making a sales web page for the new book, but don't embrace a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by making a variety of duplicate sales pages with different prices on each page. Make sure your sales copy is exactly the identical on every page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This may tell you what your optimum price is.

In the end, in the event you've written a ebook that solves a downside or presents a new approach, your book will bring in each traffic and profits.
