An effective technique for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion in terms of price. Do that by making a sales page for the new e book, however do not embody a worth on that page. Be certain your sales copy is precisely the same on every web page, and includes your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This may tell you what your optimum value is.

Ultimately, if you've written a e-book that solves a problem or presents a brand new method, your guide will herald both site visitors and profits.
