Then make sure you use that sentence in every piece of gross sales and promotional material, and each time anybody asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of other strategies that may make it easier to promote extra books.

One is to provide something away free of charge along with your e book, equivalent to a worthwhile bonus item. Or bundle several ebooks under one price, which lowers the worth for each ebook if they had been bought separately.

An effective approach for determining a price is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new e-book, but do not embody a value on that page. Instead, add a number of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is precisely the identical on each web page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum worth is.

In the end, in case you've written a book that solves a problem or presents a brand new technique, your ebook will usher in both visitors and profits.
