One other technique is to check out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Ensure that your sales copy is exactly the similar on each page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum price is.

Finally, should you've written a e book that solves a drawback or presents a new method, your e book will usher in both visitors and profits.
