Advertising Strategies

The key that unlocks the gross sales potential of your book is to find a single sentence that turns into your selling handle. Besides selling your books assiduously online, there are a number of different methods that may show you how to sell more books.

One is to present one thing away free of charge along with your e book, such as a invaluable bonus item. Or bundle a number of ebooks below one value, which lowers the value for each book if they were offered separately.

An efficient technique for determining a value is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion by way of price. Do this by making a gross sales web page for the new ebook, but do not embody a value on that page. As a

substitute, add plenty of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by creating a variety of duplicate sales pages with different prices on every page. Be certain your sales copy is exactly the identical on each page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum price is.

Ultimately, if you've written a ebook that solves a downside or presents a new technique, your e book will bring in both traffic and profits. So make sure you write that promoting-deal with sentence that sums up what drawback your guide solves and what the benefits of your 229 guide can be to the customers who purchase it.
