An efficient method for determining a worth is to ship out a survey to your current customers. If these prospects have already bought an book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new book, but do not embody a worth on that page. Instead, add numerous links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out costs by making a variety of duplicate sales pages with different prices on each page. Make sure your sales copy is exactly the identical on each web page, and

contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum worth is.

Finally, in the event you've written a e-book that solves a downside or presents a new method, your e-book will bring in both site visitors and profits. So be sure to write that selling-deal with sentence that sums up what drawback your e book solves and what the benefits of your 401 book might be to the customers who buy it. After which watch your market come to you!
