Do this by making a sales web page for the brand new book, but don't embrace a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate sales pages with completely different costs on each page. Ensure that your sales copy is exactly the same on every

page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum worth is.

Finally, if you happen to've written a book that solves a downside or presents a brand new method, your book will bring in both traffic and profits.
