Another technique is to test out costs by making a variety of duplicate gross sales pages with totally different prices on each page. Be certain that your gross sales copy is strictly the same on

every web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum worth is.

Ultimately, when you've written a guide that solves a downside or presents a brand new technique, your guide will herald each site visitors and profits.
