Apart from promoting your books assiduously online, there are several other strategies that can enable you to promote more books.

One is to offer one thing away without cost along with your guide, such as a precious bonus item. Or bundle a number of ebooks under one worth, which lowers the price for each ebook in the event that they had been bought separately.

An efficient approach for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a sales page for the brand new e book, but don't embrace a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with different prices on every page. Make sure that your sales copy is precisely the identical on each page, and contains your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum worth is.

Finally, in case you've written a e book that solves a downside or presents a brand new method, your e-book will bring in both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what drawback your guide solves and what the benefits of your 681 book shall be to the shoppers who purchase it.
