An efficient technique for determining a value is to send out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion by way of price. Do this

by making a sales page for the new e book, but don't include a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by making a variety of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is strictly the similar on every web page, and consists of your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum value is.

Ultimately, if you've written a book that solves a downside or presents a brand new method, your guide will herald each site visitors and profits. So remember to write that selling-deal with sentence that sums up what problem your e book solves and what the advantages of your 774 guide will probably be to the customers who buy it.
