One is to give one thing away free of charge with your guide, corresponding to a priceless bonus item. Or bundle several ebooks below one value, which lowers the worth for every ebook if they had been offered separately.

An efficient method for determining a value is to ship out a survey to your current customers. If these clients have already purchased an ebook from you, ask for his or her opinion by way of price. Do this by creating a gross sales web page for the brand new guide, but do not include a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by creating a variety of duplicate sales pages with completely different costs on every page. Ensure that your gross sales copy is strictly the same on every web page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum value is.

In the end, if you happen to've written a ebook that solves a downside or presents a new method, your book will herald each visitors and profits.
